My dear friends in Rotary

A weekend of being a gift to the world

*“In Rotary, what is our product ? It is not wooden ducks or plastic bricks. It is education, water, health, and peace. It is hope, and it is life itself. For this work, only our best is good enough. I ask you all to remember this – and to do your very best to **Be a Gift to the World**”* – these were the words of wisdom shared by KR Ravindran President, Rotary International.

Since the day of my acceptance into membership in our club on 6th January 2012. I have seen waves of changes over the time without any exception to the turbulences we had to go through. I am very sure that since the inception of our beloved club, the Rotary Club of Bandar Sunway, the situation may have been the same or even worst or better for that matter.

It now been more than 22 years. We cannot help but acknowledge that the quality of the standards of the service of our club of Bandar Sunway and its products have created new milestones and standards for the betterment of our club. We must recognise that the success story of our club began with the commitments and sacrifices and high standard of ethical practices of our past presidents and the members, then and now.

“Weekend of Sharing”

From my experience in seeking the guidance of the Past Presidents and the Rotarians, it is clear that our Club insist on quality, efficiency and creative ideas in everything we stand for. This is apparent from the recent successful projects such as the Kajang Prison Project , The Sabah IQQuiz Challenge, The 23rd Installation, The Sarawak IQQuiz Challenge and the Interact Learning Training Seminar (“ILTS”)

The pictures and comments posted in this weekly newsletter speaks volumes of the commitment of the members and there is hardly anything I can add to reflect the same, especially the success of the most recent projects, namely the ILTS and the The Sarawak IQQuiz Challenge which held simultaneously on 8th August 2015 at SMK SS 17 and Kucing, Sarawak respectively . I can only attribute these successes to the perseverance and insistence of dedication, high quality and standards of delivery without any compromises. Whilst I do realise we may sometimes fall short of the expectations we place on ourselves, I will nor be disheartened. I must express my heartfelt gratitude to all members of this beloved club of ours who continued to assist and raise the bars of high standards and quality in the delivery of our product in a meaningful manner.

I must make special mention of OC PP Maniraja, PP Thangaraj, Rtn Dr. Nagiah, AG PP Diva, Rtn Dinesh, Rtn Naga, Rtn Angelo and Rtn Carlos, all of whom were ready and available in the morning of 8th August at SMK SS17 to assist at the ILTS. Needless to say PP Thangaraj, in his usual style and candour made a motivational presentation which benefited both the Teacher Advisors, Interactors and Rotarians present. In addition, Rtn Dr. Nagiah introduced a very unique Career Test which sent the Interactors with some good food for thought.

I wish to thank VP Lydia for stepping in for me at the Sarawak IQQuiz Challenge. I salute the members who made the journey to Kuching out of sheer dedication and commitment to play a role in the future of these Interactors.

To my mind, our Club has been successful in doing our very best to **“Be a gift to the world”**. I am also very confident together, we will continue this journey in our forth coming events and projects without compromises.

“Be a gift the world.”

Yours in Rotary

RC Bandar Sunway conducts ILTS for Interact Clubs

In conjunction with the New Generation Month (Rotary International calendar 2015), RC Bandar Sunway organised an Interact Leadership Training Seminar (ILTS) for the six interact clubs under RCBS' sponsorship. The event was hosted by SMK SS17 at their premises and was attended by Interact members from SMK Subang Utama, SMK Bandar Sunway and SMK Seafield. Interactors from Sunway International School and Maz International School did not attend as they were way on semester break.

OC PP Mani Raja started the morning's proceedings with his opening address after which President Arjan addressed the students. He spoke passionately about the duties and responsibilities of Rotarians and Interactors alike and strongly encouraged the students to be 'A Gift to The World'. PP Thangaraj was the next to take the floor and upped the pace with a thought provoking and interactive session on the topic of 'Effective Leadership'. Both Rotarians and students enjoyed an engaging and stimulating discourse that touched on many areas related to leadership. PP Thangaraj was equally entertaining with his sharp wit and humour and was clearly in his element. Needless to say, he well exceeded the time slot given to him.

The second part of the training involved breakout sessions in small groups to help educate and prepare the student interactors carry out their duties in the roles of President, Vice President, Treasurer, Secretary, Club Services Director, Community Services Director and IU Director. One or two Rotarians were assigned to each group to moderate the discussions which covered a comprehensive list of topics such as follows:

- The objectives of Interact and Rotary Clubs
- How to operate an Interact Club
- How the Rotary organisation supports Interact Clubs
- Rotary resources for Interact Clubs
- Documents, forms and guidelines such as Interact Club constitution and Club by-laws and etc
- Presentation skills and guidelines for special events such as during the DG's visit and Club installation

After the breakout discussions, the students regrouped for the final session on 'Career Path Selection' which was presented by Dr. Nagiah who drew upon his many years as a senior educator to deliver a clinical study of the subject. He also provided worksheets and guided the audience through an exercise designed to help individuals make more informed decisions when discerning their choice of career.

RCBS also did not miss out on the opportunity to promote the iQuiz and DG's visit before OC PP Mani Raja wrapped up the event with a feedback session from the participants. Overall, the event appeared to be fruitful judging from the positive responses provided by the students. The training seminar ended on a bright note with a group photo session under the mid-day sun.

The event was attended by forty eight student interactors, two teacher advisors (SMK Subang Utama and SMK SS17) and 11 Rotarians from RCBS. SMK SS17 proved to be generous hosts by ensuring that the Rotarians and students enjoyed a sweet breakfast at the start of the morning and a hearty lunch at the end.

Feedback from Interactors Interact Leadership Training Course on 8 August 2015 @ SMK SS17

IC Pres. Parvinh. Seafield:

Hey there! My name is Parvinh Ramany and I'm the President of the Interact Club of SMK Seafield and I'm here to share my remark of today's ILTS. To start off, I'm very happy to say that I was part of this year's ILTS and that I finally feel more involved and closer with the interact and rotary family. I got the chance to meet other interactors from other schools YAY! As for the session that we had today, it was simply amazing. Simple, meaningful and enjoyable. Your story and experience that you shared to us was mighty handy. I hope after this I'll a good help to my Vice President and a great leader. To wrap things up, I had a blast at today's ILTS and I look forward to gather with the rest again. I will do my best to be a Gift to this world.

IC VP Wang Jin. Seafield:

Good evening! My name is Wang Jin Wen and I'm the Vice President of the Interact Club of SMK Seafield. I felt that the ILTS today was very informative and really made me aware of the responsibilities I have as the Vice President of the club. To be honest, I feel much more confident now to support my President and lead the club now that I know that the Rotary Club is behind us backing us up all the time. I feel much more comfortable with my post and the obligations and responsibilities that came along with it. Thank you for your time and all the Rotarians that came today! I really enjoyed myself despite the heat!

Danielle Marissa Yew, SMKSU, IU Director:

At first when I was assigned the role of IU Director for my school's Interact club, I was quite hesitant about accepting it as I only knew a bit about what IU Day was and I was nervous about the responsibility that came with being the IU director. After the whole Leadership session, I can honestly say I am ready to take responsibility and become a good IU director to the club. And as for the break out session, I now know so much more about what International Understanding is, and thanks to the tips and guidelines provided by Rotarian Diva, I now know what I have to do in order to make our school's IU Day a successful one. Thank you for the the whole training session. It was very helpful!

Dear President Arjan and Rtn. Mani,

The ILTS definitely made my path as a Vice President clearer. I was hesitant at first when I was elected as I was not fully sure about my duties. After the seminar, I am now more confident about this post and I am glad that I accepted it. I now know the true meaning of leadership. The breakup session helped me clarify what I need to do. Besides that, I had close to no idea what my career choice would be when I grew up. The career session at the end pointed out which path would be most suitable for me. I may not know for sure, but I definitely have a slight idea of the career path I should be taking. Overall a productive seminar. Truly appreciate the fact that the Rotarians made time to conduct this seminar for the Interactors. Thank you.

Regards,

Int. Trisha Jacob

Vice President 2015/16

Interact Club of SMK Subang Utama

Hashviny D/O Chandra Segaran, President of Interact Club SMK Bandar Sunway:

First of all,would like to thank you for gifting me and my fellow Board of Directors a wonderful seminar yesterday. We hope in future,that there will be more seminars like this to keep motivating and guide us to lead wonderful leadership among us. Thankyou. I also have attached our report here.

.....CONTD/-

Feedback from Interactors Interact Leadership Training Course on 8 August 2015 @ SMK SS17

REPORT OF INTERACT LEADERSHIP TRAINING SEMINAR 2015 (AN ENLIGHTENING KNOWLEDGABLE DAY)

Interact Leadership Seminar 2015 was one of the best seminar that we have participated in our lifetime. Through ILTS 2015, we have learnt and gained lots of new knowledge about Interact Club. This wonderful seminar has taught us on how to collect datas and transform them into informations, knowledge and produce it as a wisdom. Besides, we have learnt on management. We should plan, organize, lead and control when managing a program or activity. These lead us to achieve certain objectives like smart goals in life. Objectives must also have time frames. Planning can only be done by setting up objectives through courses of action. As successful leaders, we must group up our work activities and allocate the resources in an organized manner. We can also influence others by reward power, positional power, authority power, knowledge power, charismatic power and conversion power. Then, we also get to know that among three controls such as feedforward control, concurrent control and feedback control, the most expensive control is the feedback control. In this seminar, we were also highlighted with the basic concept of "Leadership". The basic concept of "Leadership" are influence, power and followed by leadership itself. In conclusion, may all the credits goes to our respected Organizer of ILTS 2015 for gifting us a wonderful Interact Leadership Training Seminar and to all the successful leaders, be creative, focused and have a shark in life.

This report is prepared by The Board of Directors of Interact Club SMK Bandar Sunway 2015/2016.

Government of Canada Partners with Rotary Foundation Canada to Eradicate Polio Worldwide and Reduce Poverty in Developing Countries

The Honourable Christian Paradis, Minister of International Development and La Francophonie, announced the renewal of the partnership between Government of Canada and Rotary Foundation Canada by providing a total of up to \$18 million to help save the lives of vulnerable children and reduce poverty in the

world's poorest countries.

During the next four years, the Government of Canada will contribute two dollars for every dollar raised by Rotary Foundation Canada in support of the Global Polio Eradication Initiative's Endgame Strategy, to a maximum contribution of \$12 million. The funds will be provided to UNICEF to support the goal of eradicating polio worldwide by 2018.

The renewal of the partnership reinforces Canada's ongoing leadership on polio. It builds on the Pennies & More for Polio initiative, through which Rotary Foundation Canada raised \$2.2 million between 2012 and 2013, which was matched by the Government of Canada.

The Government of Canada will also contribute up to \$6 million to support Rotary Foundation Canada's efforts to help advance maternal, newborn and child health, secure the future of children and youth, and increase sustainable economic growth in under-served communities in developing countries. Today, the world stands on the verge of being able to end the preventable deaths of women and children within a generation. Canada remains steadfast in its commitment to work with Canadian and international partners to achieve this goal.

RC Kuching Central President thanks RCBS supporting for IQQuiz

From: **Ng Yaw Hua**
 Date: Sat, Aug 8, 2015 at 10:18 AM
 Subject: Re: Iquiz Sarawak Region
 To: Arjan Sawlani
 Cc: "PP Dato Ram Nair (AttGlobal)" >, VP Lydia Joan Francis >, "Rotary Club Kuching Central, District 3310, Zone 6B," <

Dear President Arjan,

Our thanks to RC Bandar Sunway for giving us the opportunity to organise the Sarawak leg of this most meaningful annual project. The participating Interactors in Sarawak now has an opportunity to claim the top prizes of scholarships sponsored by Sunway College in Malaysia

We are pleased that a total of 60 teams had registered for this inaugural event. Hopefully, more will do so in the coming years when the Interact Clubs here become more aware of this project and insert it into their annual plans and objectives.

I extend an open invitation for your Club members to be our guests whenever they in this part of the world. Kuching is a quaint little city and a most worthwhile weekend family getaway from the hustle and bustle of big city life. Do promote it to your members.

Looking forward to further interactions between members of our Club.

Yours in Rotary

Ng Yaw Hua
 Rotary Club of Kuching Central

theborneopost.com <http://www.theborneopost.com/2015/08/09/the-destroyers-are-kuching-regional-i-quiz-champion/>

The Destroyers are Kuching Regional I-Quiz champion

August 9, 2015, Sunday

Members of winning team 'The Destroyers' hold their Challenge Trophy and individual trophies for a photo with the organiser after winning the 2015 Kuching Regional I-Quiz.

KUCHING: The Destroyers team from Lodge International School beat five other teams in the final round to emerge champion of the inaugural 2015 Kuching Regional I-Quiz organised by Rotary Club of Central Kuching.

The event was held at the Swinburne University Sarawak Campus here yesterday.

The winners walked home with the Challenge trophy as well as individual trophies and certificates of participation.

The first runner up team was Brain Juicers while second runner up was Ace 114, both from Lodge International School.

Forty teams, each team comprising three members, from 12 schools mainly from Kuching participated in the event organised in collaboration with the Rotary Club of Bandar Sunway.

Participating schools from Kuching were SMK Bandar Kuching No. 1, SMK Kuching High, SMK Kabong, SM Airs Kuching, St. Joseph Private School, SMK St. Thomas, SMK St. Joseph, SMK St. Mary, Lodge National Secondary School, Lodge International School as well as SMK Bandar Bintulu and SMK Methodist Sibau.

The youth services project, according to Rotary Club of Kuching Central president Ng Yaw Hua, gives Interactors an opportunity to test their knowledge in a variety of subjects (eg science, history, geography, general knowledge and current affairs).

The objectives were to promote Rotary and Interact, instill good values and ethics, healthy competition through jizzing, and enhance English language skills.

The event has been going on for nine years, and held in Kuching for the first time. We hope to see this event held on an annual basis in the future," he told the Sunday Post.

Earlier Rotary District 3310 District Governor Andre Suharto reminded students who did not do well in school to work harder.

"Failure does not mean a bleak future. If we fail, then we should work harder and be more disciplined in trying to

do better," he told the students.

Noting the poor command of the English language among young graduates, Andre urged them to master it as it was the key to communicate and interact, understand and forge relationships with the global community.

He revealed that several factors could have contributed to the deterioration including texting using short forms of the language.

"I've interviewed people for jobs and found how bad their command of English is. Nine out of 10 interviewees fail the English assessment and they have difficulty expressing themselves in English," he said.

He said there was an urgent need to improve the education system by placing equal emphasis on the English language.

"Proficiency much depends on an individual's efforts to learn, read more and speak the language," he said.

He praised the Rotary's efforts in carrying out activities and programmes for the younger generation to improve.

The winning team of this Regional I-Quiz event will proceed to the finals of the main I-Quiz at Sunway University in Bandar Sunway, Kuala Lumpur some time in September.

Members of the top six out of the eight teams at the finals will be awarded full and partial scholarships to study at Sunway University.

Our Speaker last week

Our speaker last week was Dr Mohd Yunus - the Cambridge trained doctrate in Engineering who initiated the efforts to transform Maths and Science in Tamil schools in Malaysia. The schools have now won awards in New York, UK, Seoul and Beijing for their science projects. The best performing school in UPSR last year was a participating Tamil School in Johor.

President Arjan gifted his Rotary Pin with the the theme "Be a Gift to the World" to Dr Yunus after the presentation.

Dr. Mohd Yunus also organises the National Science Fair for Young Children as part of ASTI or the Association of Science, Technology & Innovation (www.asti.org.my), a NGO dedicated to the teaching of science in Tamil schools.

Our Speaker this week

Our speaker this week, Mr. Vijay Chelliah has been in the automation industry for the past 15 years. He has been involved in various projects deployments around market sectors such as water, tunnel, building automation, power and the transportation both locally and abroad.

Having graduated from the US with a Bachelor of Science in the field of Electrical Engineering, he has pursued his courier as a engineer working in the power industry, but ends up pursuing a field which not known to many this country.

He has moved up the corporate ladder and is not contributing the earned experiences in the sales force by heading the tendering division for the digital infrastructure sector.

Having the opportunity to work on Malaysia first fully automated Tunnel at Penchala located at Mont Kiara provided the ground work to tackle even bigger challenges. This future challenge was the SMART Tunnel. With extreme working conditions and tight deadlines, it was a strong passion were the driving factors to complete the project ahead of schedule. The work pressure was high as night and day was the same as time was the most critical factor in completing the project.

He was recently inducted into Rotary and he is here now to share his experiences and tell you some interesting information about SMART that you may or may not have heard from the various media

The SMART Tunnel is a Malaysian mega structure project and the worlds first unique dual water and traffic operated tunnel.

Smile-a-while

In the hardware store, a clerk asked, "Can I help you find anything?" "How about my misspent youth," joked my husband.

The clerk shot back, "We keep that in the back, between world peace and winning lottery tickets."

"What's a hipster?" asked my four-year-old cousin.

"Someone who will wear something just to look different," I said. "They'll often buy clothes in thrift shops and wear thick glasses."

"Is Grandma a hipster?" he asked.

August 16 (Sunday) - ILTS
TRF seminar

Today's Programme

Talk on SMART tunnel

Vocational Visit

To SMART tunnel . Date to be firmed

TRF Seminar – 16th August

Please mark this event on your diary. The registration form is available with your TRF Director (PP Movin). More details will follow soon. As advised by PDG Rajindar Singh the Seminar will serve as a Grant Management Seminar for clubs that missed out.

It's a day after our Penang IQQuiz, so it may be a challenge for some of you to attend.

The Closing Date for District Grants will be extended to 25 August 2015.

Topics to be covered include:

- The Rotary Foundation – Overview, Updates and Goals
- Supporting The Rotary Foundation and recognitions
- Stewardship
- Vocational Training Team
- Update on PolioPlus
- District Grants & Global Grants
- Giving Is Better Than Receiving

IF YOUR CLUB INTENDS TO APPLY FOR THE DISTRICT OR GLOBAL GRANT, IT IS MANDATORY THAT AT LEAST ONE MEMBER HAS ATTENDED A GRANT SEMINAR.

Club attendance last week	26
Club attendance last week including make-up's -	30
Percentage club attendance for month including make-up's -	71%

What we give through Rotary becomes a gift to us. And we all have a choice: whether to keep our gifts to ourselves or give them to others, and Be a Gift to the World. We have only one chance at our lives. And we will have only one chance at this new Rotary year. This is our time. Let us grasp it. Let us Be a Gift to the World.

Rotary International President K.R. "Ravi" Ravindran
